SECTION: PUPILS

TITLE: STUDENT ACCIDENT
INSURANCE

ADOPTED:

REVISED:

211. STUDENT ACCIDENT INSURANCE	
1. Purpose	The Board recognizes the need for insurance coverage for unforeseen accidents which may occur to students in the course of attendance at school or student participation in the athletic and extracurricular programs of the schools.
2. Authority	The district makes available through a commercial company the opportunity for all students to purchase student accident insurance. When purchased the policy is an agreement between the parent/guardian and the insurance company.
SC 511	Students who participate in school-sponsored interscholastic athletics shall not be required to purchase student accident insurance. The district has purchased a rider to the student accident insurance policy to provide coverage to all student athletes including the Band, Cheerleaders and Majorettes. However, this rider is in effect only during the terms of each activity. No coverage is available before a season starts or after the particular season ends. Interscholastic athletes shall be clearly alerted to the fact that the insurance provided by the Board for interscholastic activities will not provide coverage for injuries received while engaged in any activity except interscholastic sports.
