215 AR CORRESPONDENCE COURSES SUMMER PROGRAM

The following guidelines will be used in determining the use of correspondence courses:

1. Correspondence courses can be used if a Senior has failed a required course, is lacking a required course due to transfer between schools, or scheduling conflicts. The correspondence course cannot be taken prior to graduation ceremonies without administrative team approval.
2. Somerset County Technology Center students, grades 10-12, who have failed a required course, can request to take a correspondence course so as to remain eligible for technical training. The administrative team will review the request and determine if the technology center student can/cannot take the course.
3. Any 7th or 8th grade student failing two (2) required subjects can request and take the needed correspondence courses to correct deficiencies must take both courses and pass which would allow them to pass to the next grade. The administrative team will review the request and determine if the student can/cannot take the courses. Students failing three (3) or more subjects are not eligible and must repeat the grade.
4. All correspondence courses must have prior administrative team approval.
5. Any waiver of these guidelines must have administrative team approval.
6. All correspondence courses are subject to a course fee payable to the correspondence school and a supervision fee payable to the District and must be paid by the student/parents.
