

TURKEYFOOT VALLEY AREA SCHOOL DISTRICT

SECTION: PROFESSIONAL EMPLOYEE

TITLE FEDERAL PROGRAM
PERSONNEL

ADOPTED: APRIL 20, 2015

REVISED:
FORMERLY 3360

404.7 FEDERAL PROGRAM PERSONNEL

1. All personnel working in Federal programs who are assigned to one or more specific school buildings are under the direct supervision of the Principal of the School to which they are assigned. Therefore, Federal programs personnel are subject to the same policies as are regular personnel.
2. The tenure status of a professional employee is not affected by accepting a position in an educational program subsidized wholly or in part with Federal funds and being conducted at the local educational agency. All rights shall be accorded to qualified professional employees, both newly hired and presently employed, irrespective of the salary funding source, provided that such personnel meet the tenure, seniority rights, and fringe benefit requirements as provided in the School Laws of Pennsylvania. Any other personnel assigned to work in the Turkeyfoot Valley Area School District from any County agency or any other organization shall, while assigned to a particular building in said district, be under the supervision of the Principal in charge of the building.
3. In the event a Federal program is discontinued, this does not automatically authorize the termination of employment of the professional employee. Such employee would be entitled to another position in the District providing he or she is qualified and has the required seniority.
